

# EVOtransform

SWISS MADE 

More information  
about the product  
on our website!

[www.evodrop.com](http://www.evodrop.com)

we are water

## What's in it?

- EVOtransform - Physical water treatment system for soft water throughout the home

## Where to install?

- The EVOtransform is installed directly on the main water inlet.

## Technical advantages

- Constant operating principle thanks to purely physical process
- Simple installation and commissioning
- Service and maintenance-free Long service life thanks to cavitation-resistant operating principle
- You receive a 10-year warranty on material and workmanship
- 20-year warranty if installed and used properly and professionally

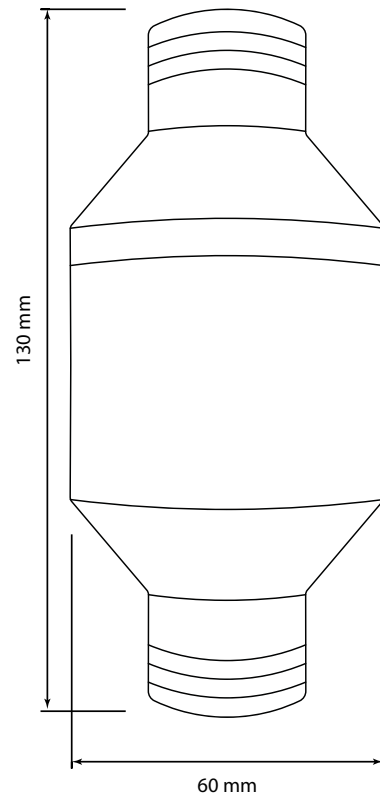

To guarantee the highest quality and soft water in your household, we recommend using the EVOdescale/EVOadsorb additionally after the EVOtransform.
